## EDUCATION

### B.E in Information Science and Engineering Acharya Institute of Technology

08/2019 - 05/2023

8.35 CGPA

## PROJECTS

### Student Management System

- Developed a dynamic project utilizing HTML, CSS, Javascript, Python, and MySQL to empower users in effectively managing student details.
- Created an interactive interface allowing users to effortlessly navigate and update student information.
- Implemented robust functionalities using Python and MySQL to ensure seamless data management and retrieval.

### Hospital Management System using Primary Indexing

- Developed a project on Visual Studio Code aimed at efficiently managing and organizing records of hospital staffs and patients.
- Implemented a user-friendly interface for easy navigation and data entry.
- Improved organization and accessibility of information, leading to streamlined operations within the hospital.

### Media Player

- Developed Android Studio project for multimedia playback application software.
- Utilized Android Studio to construct interactive audio and video player.
- Utilized innovative techniques to enhance user interface and user experience.
- Showcased expertise in designing and implementing multimedia file handling functionalities.

### An Automatic Smart Attendance Monitoring System based on Face Recognition

- Developed and implemented a cutting-edge project utilizing Visual Studio Code.
- Employed advanced face recognition technology to accurately mark attendance.
- Demonstrated passion for innovation by integrating facial recognition algorithms.
- Successfully created a system that automates attendance tracking.

## WORK EXPERIENCE

### Full Stack Developer Intern Xpredict Automation Solutions

02/2023 - 03/2023

Python Web Development using Django

- Developed a company web page using HTML, CSS, Bootstrap, and Javascript to enhance user experience.
- Employed Python and Django to create efficient and dynamic features.
- Utilized MySQL for database management, ensuring seamless data retrieval and storage.

## SKILLS

Python

MySQL

HTML

CSS

Javascript

Bootstrap

Django

Computer Networking

## CERTIFICATES

Infosys Springboard - Python for Data Science

Cisco Networking Academy - Introduction to  
Cybersecurity

HackerRank - SQL(Basic)

Cisco Networking Academy - Introduction to Data  
Science
